

# Paradigm™ Series Low Level Palletizing Systems for Plastic Liquid Food Packaging

## Features:

- Air lane lane infeed assembly
- Air accumulator
- Laned mechanical accumulator
- Layer separation assembly
- Layer retainer with electric drive
- Servo driven layer placement assembly with automatic layer indexing and automatic pallet change
- Model IS521 layer pad indexing separator
- Servo driven layer centering assembly
- Model R06 empty pallet magazine
- Load building conveyor with variable frequency drive
- All electric/pneumatic operation
- Color touch-screen operator interface
- Exclusive PalLogic™ machine control and diagnostics system
- NEMA 12 electrical control cabinet
- Integrated safety package

# Paradigm™ Series Low Level Palletizing Systems for Plastic Liquid Food Packaging

Paradigm. The New Model of Productivity.™

An elegantly simple application of our exclusive Paradigm low-level palletizing technology that yields a first-of-a-kind palletizing solution for plastic liquid food packaging, including HDPE cups and PET wide-mouth containers. Integrated, empty container conveying and automatic pallet handling systems complete a comprehensive product flow solution.

## Flexible

- Handles both nesting and non-nesting containers
- Positive, adjustment-free change modules accommodate a broad range of products
- Pre-programmed product settings facilitate system reformatting for a wide range of products in one hour or less, including production restart

## Efficient

- Palletizer-integrated accumulation reduces the need for an accumulating conveyor, minimizing energy consumption and capital intensity

## Compact

- On average, over 1,000 square feet more compact than traditional low-level systems
- Capable of replacing high-level systems, using essentially the same floor space

## Productive

- Exclusive PalLogic™ machine control system makes quick work of diagnostics and enables quick and repeatable product changes
- Positive container handling eliminates the need for dedicated manning, reducing direct labor costs
